International Friendship Day

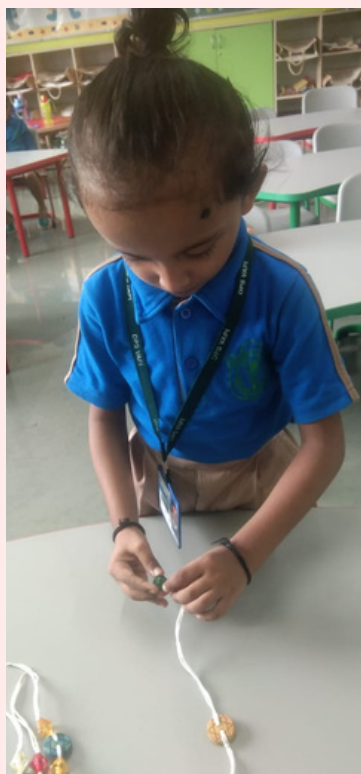

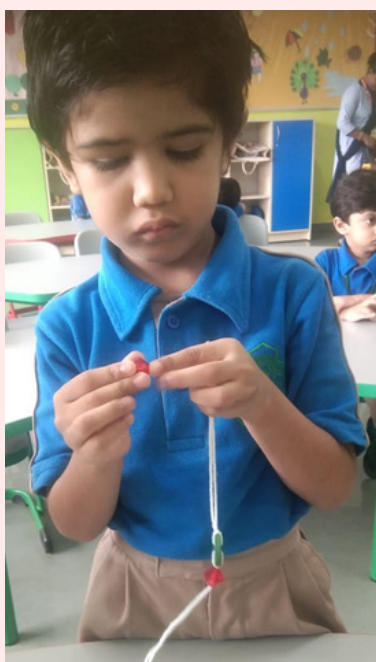

I feel so lucky to have you, my bestfriends.

**A friend is not a shadow
But, someone who holds
a special place in the heart
Someone who shares a smile,
Someone who brightens up your day
What makes a person a friend?
It is by saying your Love will stay.**

“There is something about childhood friends that you can’t replace!” The entire pre-primary section celebrated Friends and Friendship with varied Friendship Day creative activities. The art department took the lead in conducting activities that gave a chance to students to express their feelings for their friends. The activities displayed fervour of colours and words. The tweenies of grade pre-nursery, nursery and prep made creative bands and exchanged bands with their friends to celebrate their friendship and valuable bond. A greeting card expresses all the human emotions, joy, thanks, sympathy, humor, love and admiration. It allows us to connect on an emotional level with the people who have touched our lives. Grade 1 and 2 students usually wait for the opportunity to express themselves. Under the teacher’s guidance, the students made innovative greeting cards. The tiny cards made by children were full of expressions projecting the importance of friends in their lives. Cheers to the beautiful bond of friendship and the memories created for a lifetime!
