- ✓ Eat Healthy Food

23-06-2022

The poster includes illustrations of a doctor examining a patient, a child with a tooth, a doctor in scrubs, a family holding hands, and a doctor with a tablet.

"Your health is an investment, not an expense."

We at DPS-Vapi believe - 'It is health that is real wealth' and keeping this in mind, the school had organized an Annual Health Screening in the larger interest of our students. As a part of this endeavour, a panel of reputed health and medical practitioners were invited to perform a General as well as Dental health screening for our students. This was conducted on 23rd June 2022, during school hours. The students from Pre-Nursery to Class VI were screened by the Doctors. The students were guided on health-related issues and were accordingly advised and prescribed by the Doctors. The Health Screening Event culminated on a positive note with the maximum participation of our students.
